

Hello there,

As 2025 comes to a close, we're wrapping up the year with a look back at our most-read articles and a preview of what's ahead for 2026.

We're sharing updates on the new rear roller scrapers for AMP-L100 mowers, a helpful tip on maintaining the JCB fuel system in your harvesters, and highlights of the events we'll be attending early next year—including SFMA, GCSAA, and TPI.

We appreciate your support throughout 2025 and look forward to an exciting year ahead with the FireFly community.

Featured Tips and Updates

Dirty rollers? Try our new active brush system.

Rear roller buildup can quietly raise your height of cut and create uneven results. FireFly's new active rear roller brush system solves the issue by clearing debris as you mow. See how this simple upgrade improves consistency across every reel head.
