

Hello there,

November brings a fresh lineup of articles and tips to help you get even more from your FireFly equipment.

We're proud to spotlight our role as agronomy sponsors at the Bank of Utah Championship. Plus, we'll share the latest updates that optimize 50/50 path planning, new QuickPlan techniques for minimizing turf wear, and important JCB fuel maintenance guidance for harvester engines.

Featured News & Articles

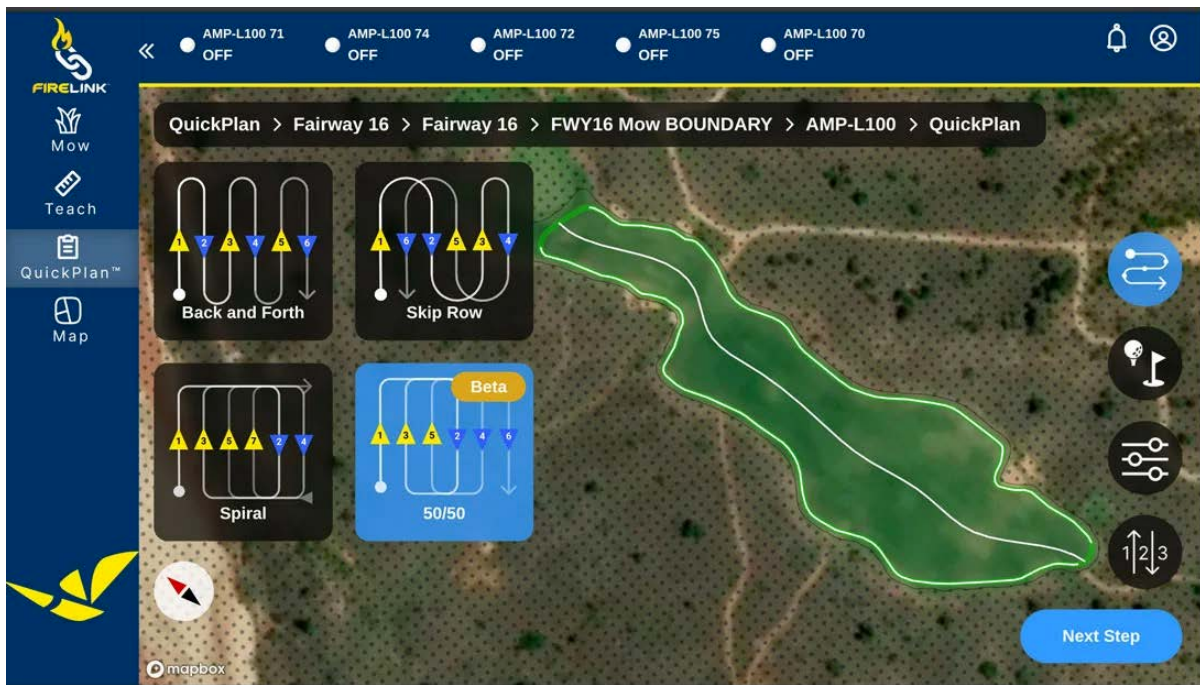

**Precision Turf Robotics Power Another
PGA Tour Competition at Black Desert**

This fall marked our third tournament appearance at Black Desert Resort as agronomy sponsors, this time supporting the Bank of Utah Championship. The return visit showcased the stunning desert landscape and reaffirmed the growing confidence in FireFly's precision turf robotics for maintaining world-class golf conditions.

Featured Tips and Updates

Reduce turf wear with these QuickPlan tips.

Healthy turf depends on more than sharp blades and consistent mowing. It also depends on how your mower travels the field.
