

Hello there,

We're kicking off the new season with field tips, fresh updates, and stories you won't want to miss. Keep your harvesters running strong, check out how AMP performed at a recent Korn Ferry Tour, and see how we supported Utah's Powder League — there's something for everyone!

Featured Tips and Updates

Your harvester's YELLOWTOP battery is more important than you may realize.

Your harvester's front OPTIMA® YELLOWTOP® AGM battery is more than a power source. It's the heartbeat of your machine's controller and software systems. When this battery starts to fail, it can cause more than just slow start-ups; low voltage or unstable power can damage sensitive electronics and even corrupt software. The good news? With proper care, you can extend battery life, avoid unnecessary downtime, and keep your harvester running smoothly year-round.

AMP: Small Setting, Big Impact with QuickPlan's Cleanup Pass Options

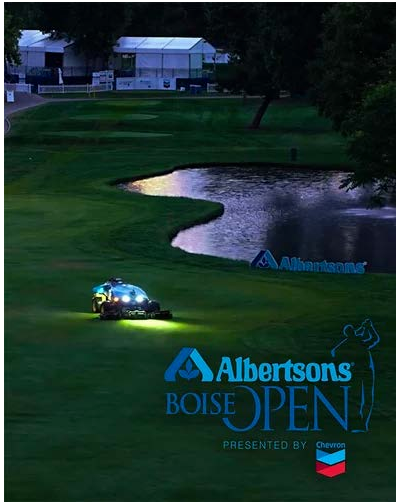

Want better coverage, healthier turf, and sharper striping? The **Select Cleanup Pass Order** screen in QuickPlan helps you fine-tune how your machine handles every swath. By adjusting these options, you can:

- Ensure complete field coverage
- Reduce turf stress
- Improve striping aesthetics
- Boost overall efficiency

And when paired with **Copy QuickPlan**, these settings make it even easier to create complementary paths that maximize results.

Featured News

FireFly Automatrix Showcases Robot Mowing at the Albertsons Boise Open.

FireFly Automatrix was honored to be a sponsor of the Korn Ferry Tour's Albertsons Boise Open, one of the premier events on the Tour schedule. As part of the sponsorship, FireFly deployed two AMP robotic fairway mowers to maintain the fairways in the days leading up to the event and throughout tournament play.

From fairways to fast breaks: FireFly sponsors Powder League.

This summer, FireFly Automatrix was a proud sponsor of Powder League, Utah's premier pro-am basketball league. Known for bringing together elite talent, Powder League has become a showcase for both rising stars and established professionals. This game's competition featured Keyonte George of the Utah Jazz, drawing strong attention from fans across the state.

On the Horizon

WEBINAR ON ROI

See how fast the AMP mower pays for itself

Find out what you could save:
Claim your Free Custom ROI Report for your course.

RESERVE YOUR SEAT

- ✓ Save up to \$17 Acre
- ✓ Free ROI Report
- ✓ Understand CapEx

The advertisement features a blue and yellow color scheme. At the top, a yellow banner reads 'WEBINAR ON ROI'. Below it, large white text on a blue background says 'See how fast the AMP mower pays for itself'. In the center is a photograph of an AMP L100 autonomous mower on a green golf course. Below the photo, white text asks 'Find out what you could save: Claim your Free Custom ROI Report for your course.' A yellow button with black text says 'RESERVE YOUR SEAT'. At the bottom, three blue buttons with yellow checkmarks list benefits: 'Save up to \$17 Acre', 'Free ROI Report', and 'Understand CapEx'.

Beyond the Budget: How Autonomy Pays for Itself

Join us on Monday, October 6th from 12:00 - 12:30 PM MDT for a free webinar!

Discover how FireFly's robotic fairway mowers are:

- Reducing operating costs
- Solving labor challenges
- Elevating course conditions & appearance
